Invitation for the National Conference

Dear Recipients,

Greetings of the day from Bharat College of Law (BCL)!!

On behalf of Bharat College of Law, Babain, we are pleased to announce and cordially invite you to be a part of the National Conference on **Media Trial: A Threat to Administration of Justice**, which is scheduled to be held on 26th Feb., 2021.

Bharat College of Law provides a vigorous and highly visible research environment to its students to inculcate research culture. BCL with its team continues to regularly welcome external legal scholars, who support our vision by sharing ideas, pooling resources, and collaborating on findings promoting innovative research. The Centre supports all kinds of scholarly activities like fundamental research & applied research.

The Conference aims at bringing together academicians, research scholars, professionals/students from any stream, with a keen interest in multidisciplinary research. The main objective of this conference is to stimulate research and to discuss on the various issues concerning media trial and the administration of justice which eventually will help in career as well as personal growth of the participants. Deliberations are invited on themes such as Media Trial & Right to Freedom of Speech & Expression, Freedom of Press, Fair Investigation, Public Opinion, Judicial Conflicts and Media etc.

Media trial including both mainstream media and social media has become quite controversial, as on one hand, it provides the platform to get justice for the victims but, on the other hand, it perpetuates evils in the society. Justice in such a scenario has become a discursive term because in order to maintain peace in the society the significance of the administration of justice cannot be overlooked. Keeping the same in view, the present conference will focus on the concept of the crime, justice, liberty, equality of freedom of speech and expression in the era when media has become a challenge and threat to justice.

BCL feel privileged to extend a cordial invitation to all the respected faculty members to participate in the above Conference by sending their unpublished research paper. You are also requested to encourage those in your circle who may wish to present papers during the conference and ensure that at least one external participation is brought in by you. Please give this Conference wide publicity among your friends and colleagues and circulate the information further.
