About the Institute

The Bharat College of Law originally established at babain, Kurukshetra in 2016 in the area of 7.5 acres. The college aims to impart high quality professional education in a vibrant academic ambiance with highly qualified & experienced faculty. It is attracting not only Indian students but also the International students. The college provides practical training to LL.B. students. One full paper of 6th Semester of LLB and 10th Sem of BALLB includes compulsory participation in Moot court along with the court visits. Special lectures by eminent Academicians, Judges and Senior Advocates which are compulsory as a part of curriculum, are delivered for the benefit of LL.B. and LL.M students. Students being admitted in LL.B. & BALLB course have to undergo an internship in every semester. The students of the department are sent to the Supreme Court of India/Parliament as a part of the practical training program. The department has a separate well furnished Moot Court Hall where every year various Seminars, Presentations and Moot Court Competition take place. As a part of Extra- Curriculumaactivities, every year department conducts a Blood Donation Camp to encourage the students to donate blood and save Life. Legal Aid Clinic as well as a Placement Cell are also functioning in the department. The department has a good computerized library with more than 5000 documents and a lot of regularly subscribed Indian and foreign journals with a spacious reading hall.

Introduction to industry institute interaction cell

(Base upon NEP 2020)

One of the challenges in the present times is the rapid pace of technology which make skills obsolete at a greater pace before everyone else could learn from them. The excessive pace of technological changes have emphasized the need to integrate technological knowledge & skills in education and training to expand the employable capabilities of a knowledge- based on professional. The interaction between the Institute and the Industry is widely recognized as an essential requirement to train and develop the right kind of technical manpower necessary to sustain and promote industrial and economic growth. III-Cell can be considered as the platform for showcasing the best industrial practices, the latest technological advancements and their implementation and impact on the Industry.
