ABOUT THE CONFERENCE AND THE THEME

Currently major environmental issues that India faces today are Air pollution, poor management of waste, growing water scarcity, preservation and quality of forests, biodiversity loss, and land/soil, environmental degradation, public health, loss of resilience in ecosystems.Even though India has sufficient environmental laws, weak enforcement, lack of funds and manpower are the major challenges we face today to control these challenges.For this we are organising a one-day National Conference entitled “Environmental Law, Policy & Practice: Issues and Challenges on 15th March. 2024. It will provide a platform for the related field teachers, researchers and student participants to showcase their knowledge in the form of presentation and discussion on cutting edge.

ABOUT THE INSTITUTION

Bharat Group of Institutions, Babain(Kurukshetra) offers professional courses in field ofNursing, Pharmacy, Law and Elementary Education. Education is a lifetime investment and we believe to make commitment of sparkling future of students through best educator to make students investment worth. Its Aim is to liberate education and channelize student energy in positive and productive direction.The courses offered by us have practical focus in providing the wider aspect for job experience. Students are taught by experienced teaching staff and get benefited by exposure through Industry, Field trip, Internship, Practical assignments, Guest lecture, Seminar and Workshop which provides professional learning and opening up avenues for the gleamed future. Professional growth is encouraged through the development of a port-folio, a credential file, real world interviews and other experience directly related to gaining employment and collective success.

III Cell:

The interaction between the Institute and the Industry is widely recognized as an essential requirement to train and develop the right kind of technical manpower necessary to sustain and promote industrial and economic growth. III-Cell can be considered as the platform for showcasing the best industrial practices, the latest technological advancements and their implementation and impact on the industry.
